

# DO YOU KNOW WHERE YOUR KIDS ARE AT NIGHT?

What is Planet Youth? Planet Youth is a ground-breaking evidence based model, developed in Iceland, designed to reduce the risk factors and increase the protective factors associated with alcohol and drug use in our young people.

The Planet Youth team surveyed local Year 10 students and this is what kids believe their parents think.

**Fact:** 19 per cent of year 10's surveyed were outside after midnight once or more a week without their parents.

## As a parent, what can you do? Take action by:

- Getting to know the parents of your child's friends;
- Be a collective voice for communicating about the importance of not allowing your children or your children's friends to drink alcohol. Anywhere. Anytime.
