

DO YOU KNOW WHERE YOUR KIDS ARE AT NIGHT?

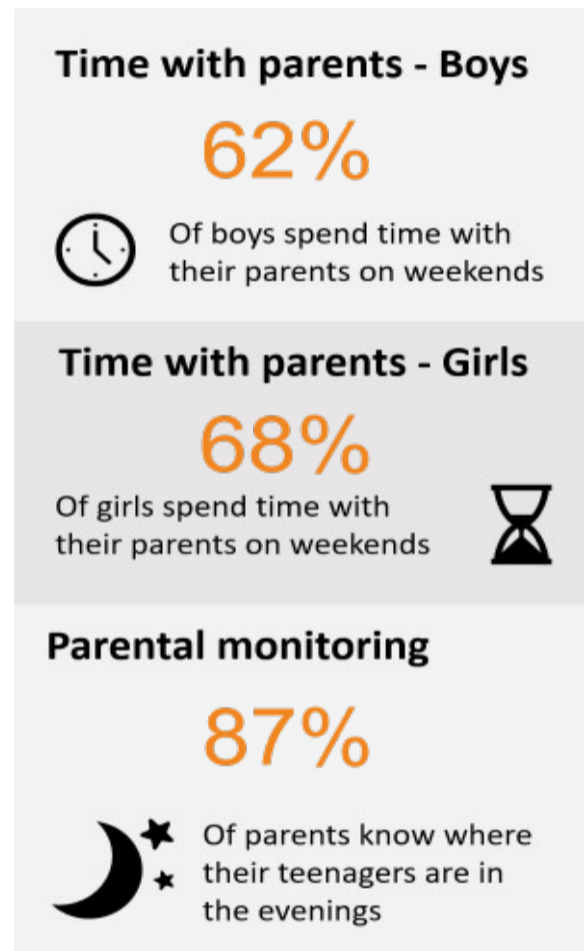

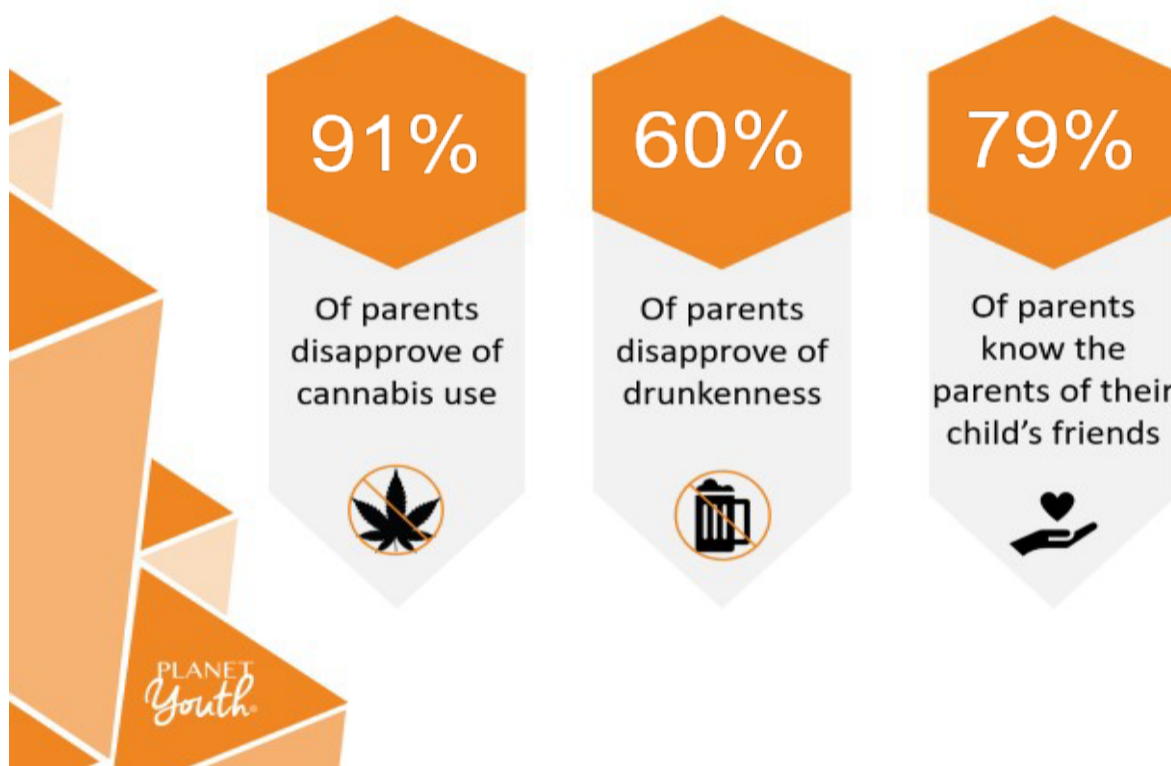

What is Planet Youth? Planet Youth is a ground-breaking evidence based model, developed in Iceland, designed to reduce the risk factors and increase the protective factors associated with alcohol and drug use in our young people.

**FACT: 24% of year 10's were outside after midnight once or more a week without their parents
: 56% of year 10's had been drunk in the last 30 days**

This is what they believe their parents think.

Family – Key Findings

As a parent, what can you do?

Take action by:

- Getting to know the parents of your child's friends
- Be a collective voice for communicating about the importance of not allowing your children or your children's friend to drink alcohol. Anywhere. Anytime.
